

# Let's Collect Fruits

Collect 4 fruits and reach the goal.

Collect the same kind of fruit, but you can pick one different fruit.

You can't go through rocks, ponds, or blocked paths.

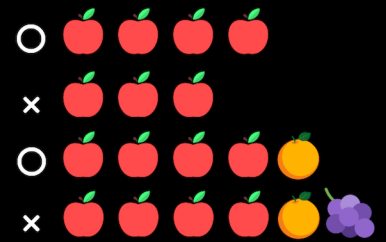

You can go back or use the same path as many times as you want.

## <How to Collect

### Fruits Example>

- collect 4 of the same fruits.
- You can collect up to 1 different fruit.

1. What fruit can you reach the goal without picking up any different fruit?

2. Which fruit do you need to collect four of the same kind, and two of a different kind, to reach the goal?"

3. Let's add one more path to reach the goal without picking up two different fruits from the fruit in question from (2).
